

Foghat, Save Your Loving (For Me)

Price / Peverett - Knee Trembler Music - ASCAP

Listen to me baby, I'll tell you what I need.

Come on and spend some time with me,
Come on, one night is all I need, hey-hey.
Give me satisfaction when you steady roll,
Give me what you got and you can give me more,
C'mon, that's how it's gotta be.

I need somebody, save your loving for me,
I need somebody, save your loving for me.

Oh, I'm gonna rock you babe

C'mon, show me the games you play,
Rock on until the break of day, hey-hey.
Let me come on over spend some time with you,
I know a lot of things that we can do,
C'mon, don't give it all away.

I need somebody, save your loving for me,
I need somebody, save your loving for me.

{Solo}

You're my all day study, you're my midnight dream,
You need love, I need love, rock me baby, 'til I scream.

I need somebody, save your loving for me,
I need somebody, save your loving for me.
I need somebody, save your sweet love for me,
I need somebody, save your loving for me.

C'mon, c'mon, c'mon baby yeah,
Give me some of your sweet, sweet loving.
