

Fold Zandura, Avalanche

face the music]
welcome the avalanche
the future sounds like a music
that rumbled down a mountainside
come on move on the wait is over
can't stop the rush can't stop the ride

wake up people the time is now
you never know when it's roller running out
in an ocean tide come on step on, the roller coaster
can't stop the roll can't stop the slide
can't stop it. roll. roll.

[face the music]
welcome the avalanche
the sound is music to the broken and the let down
from sorrow skies
we run, we float, we come together
can't stop the roll can't stop the slide
can't stop the rush can't stop ride
ride. ride. no you can't stop it
