

Fold Zandura, Dark Divine

form the wordless truth
that burns so long (so long)
it runs me through

come in blur and light
that turns so wide (so wide)
im purified

the blood, my love
my soul mixed in with you
the life, i now live you
new wine
the meld, the mix
the blue shifting power
the word to the letter
i breathe you in

shape this dark divine
from sleep so long (so long)
to mystify

come in slur and slide
and dim so bright (so bright)
you are glorified

breathe you
i breathe you in
