

# Folk Implosion, Mechanical Man

I do everything he never would  
I'm mechanical man  
When I say I understood,  
I only knew where to stand

But I'll be there for you  
When your world's on a wire  
My mechanical moves  
Fit the mood you desire

Hope I will recreate the thrill  
Take your body by the hand  
Shake your soul awake  
Dropping science at your feet

I whisper low and sweet  
If you wanna see me angry I can be  
Lose a number miss a key and I will be

I can read your mind  
But still believe your lies  
I can dance but I'll never understand  
Mechanical man

Hope I will recreate the thrill  
Take your body by the hand  
Shake your soul awake  
Shake your soul awake

But I'm not perfect after all  
I still get jealous when he calls  
Something's wrong, pride was never in the plan  
Turn me in for a brand new mechanical man

Hope he will recreate the thrill  
Shake your soul awake  
Shake your soul awake

You can get me wet  
Scream when you're upset  
I'll never understand you  
I'm programmed to forget  
You can get me wet  
Scream when you're upset  
I'll never understand you  
I'm programmed to forget

Shake your soul awake
