

# Folkearth, Wolfsong In Moonlight

Child of atrocity - progeny of hell  
Son of maiden fell  
Bound in dwarven chain  
Helpless roar in rage

Time for stars to fall  
Ragnarok's inaugural call  
Odin holds the prophecy scroll  
Release the beast

Fimbul winter comes  
Fires dying fast  
Wolf-song rides the gale  
Frost whips with hail

Release the beast  
Gluten maws in bloody feast  
Fenris unbound  
The end is now
