

Folksongs For The Afterlife, Did I Let You Down?

They say it's coming
Do you know when?
I've got sympathy
But then again
All of my thoughts
Are closing in
They might be wrong
They might begin
They might begin

And in the morning
It's drying out
I've heard stories
But what about?
Is it my fault
You're not around?
Did I fuck up?
Did I let you down?

Did I let you down?
Did I let you...

They says it's coming
Do you know when?
I've got sympathy
But then again
All of my thoughts
Are turning 'round
Did I fuck up?
Did I let you down?

Did I let you down? (x7)
