

Fonos, Collide

You, you make my worlds collide,
you make my life complete,
you let them see me, see me fly.

In this perfect world,
our paths may never meet.
May never comprise,
or collide, collide, collide.

(it's you, you let me go, you let me fly you let me ride so high)
It's you, you make my world's collide.
You make my life complete,
you let them see me, see me fly.

Never walk away.
Never let you down.
Never will deny, this life, this life this life.

(repeat chorus)
