

Fonzie, Drive My Vespa To The Movies

Drive my vespa to the movies
The tire is flat no place to go
Parked it between two trucks
One man spits out and I took off
3 young guys the scene is showing
Trying to score the blonde hair girl
I look, she's just by my side
Fell from the sky with a candy twirl

(I want it now)
How am I gonna get it out
That butterfinger candy bar
On her hand in my head
Yeah that chocky chocky burst
On my hand in her head
Yah that goody goody taste

M&m's on my hands
Babyruths in my head
Butterfingers in my mouth
Hershey's kisses on the ground
