

# Fonzie, Gotta Get Away

OH OH OH  
gotta gotta get away

There is a place where we can go  
(but you're got to leave behind you're worries)  
There is a place that you don't know  
(but you're got to leave behind you're stories)

'cause the summer's gone  
and you're so alone  
but the show is on

OH OH OH OH  
can we go? can we go?  
can we go?  
we all

can we go? and I wonder

There is some space and girls will come  
(yeh you've got to leave behind your worries)  
Forbidden games everyone love  
(playing quarters and spin the bottle)

'cause the summer's gone  
and you're so alone  
but the show is on

OH OH OH OH  
can we go? can we go?  
can we go?  
we all

OH OH OH  
gotta get away  
and never, never coming back

OH OH OH OH  
can we go? can we go?  
can we go?  
we all
