

# Fonzie, Wake Up Call

Break down, break down  
'cause we care  
same old story, different time, a fairy tale

stay down, stay down  
don't you dare  
I will speak my mind today and I'm not scared

so if you're sin free  
throw the first rock against me  
but I will stand for the braves  
whatever it cost me

Rise again, get up now  
together we stand, divided we fall

Break no, break no  
before you bent  
when is said and done we'll rise our fist again

cry no, cry no  
not these days  
'cause my eyes are dry for all the pain and hate

now we're back down on the road  
and all the damage is done  
just because you're winning  
don't mean you're the lucky one

Rise again, get up now  
together we stand, divided we fall
