

Fonzie, You Want

You never said I'll be there for you
it's all ok
you were around
how many times I let you down
but you say (oh oh)
you want (oh oh)
you say (oh oh)
you want (oh oh)

you say
you want
this song for you

a softer smile is what they got for you
your heart is broke
no one around
to cheer you up
now that you're down
but you say (oh oh)
you want (oh oh)
you say (oh oh)
you want (oh oh)

you say
you want
this song for you

(a song for you)
now you hear
all my words
I'm singing around the world

you say
you want
this song for you
