Foo Fighters, Damn You, Damn Everyone

Try Runnin around the candle
I was only running into you
Try Runnin around the candle
I don't try to run it into you

I get tired of runnin into you

Damn you damn everyone
I'll be fine without you
Damn you damn everyone
I'll be fine without you

Try Runnin around the candle
I get tired of runnin into you
I wanna go round the candle
I get tired of runnin into you

I'm still tired of runnin into you

Damn you damn everyone
I'll be fine without you
Damn you damn everyone
I'll be fine without you

Try one that's with you
Tear my damn heart in two
I won't battle? at you
Running into it! Running into it!

I'm still tired of runnin into you

Damn you damn eveyrone
I'll be fine without you
Damn you damn eveyrone
I'll be fine without you
Damn you damn eveyrone
I'll be fine without you
Damn you damn eveyrone
I'll be fine without you
Damn you damn eveyrone
I'll be fine without you
