

Foo Fighters, My Hero

Too alarming now to talk about
Take your pictures down and shake it out
Truth or consequence, say it aloud
Use that evidence, race it around

There goes my hero
Watch him as he goes
There goes my hero
Hes ordinary

Dont the best of them bleed it out
While the rest of them peter out
Truth or consequence, say it aloud
Use that evidence, race it around

There goes my hero
Watch him as he goes
There goes my hero
Hes ordinary

Kudos my hero leaving all the best
You know my hero, the one thats on

There goes my hero
Watch him as he goes
There goes my hero
Hes ordinary
