power is as sacred to that they never even teach  
only if it's black or white see the challenges  
open eyes are broken if you'd just consider me  
cut you loose, i feel like i gotta gotta go!..  
find a(n) answer help yourself  
find a(n) answer help yourself  
whatever kind of phony body chewed it through the night  
soda is left to block away the case of broken heart  
spit out fast for fun for it's the only way to win  
take my breathe come back inside, oh i gotta gotta go!  
i got the answer help yourself  
find any answer help yourself  
help yourself, help yourself, help yourself..
