

Foo Fighters, Shame Shame

if you want to ill
I make you feel something real
just to bother you
now i got you under thumb
like a drug
i will smoothen you

I'll be the one
Be the moon
Be the sun
Be the rain in your song
Go and put that record on
If you want to
I'll be the one
Be the tongue that will swallow you
Shame, shame
Shame, shame

cdn

Shame Shame to piosenka zapowiadająca 10 studyjny album Foo Fighters.
