

Fool's Garden, Cook It A While

Monday morning stormy weather
Afternoon its getting better
Evening, the sun comes out a while

Everything is changing ,baby
Nothing stays the same and maybe
You will understand it .

Baby, let me tell you something
I really dont need anything
The cookie is dry !
Baby, this is not a secret
I need another liquid and then I
Cook it a while.
Yes I am far away from home
And though I listen to the Beatles
I am a rolling stone.
Yes I am far away from home
Just let me tell you something
Before Im gone.

I dont like the fish youre cooking
I dont like the way youre looking
Dont you see it makes me nuts

Baby, let me tell you something
I really dont need anything
The cookie is dry !
Baby, this is not a secret
I need another liquid and then I
Cook it a while.
Yes I am far away from home
And though I listen to the Beatles
I am a rolling stone.
Yes I am far away from home
Just let me tell you something
Before Im gone.

I did not really mean what I said
Im an idiot and you know that
I will always love you please dont go.
