

# For All Those Sleeping, Maybe This Christmas

I can't believe it's been a year  
Since our last Christmas year  
I tried so hard to forget it  
Maybe it's the winter weather  
But after this year we'll be better  
I doubt that you'll forget this

Maybe this Christmas, I'll get my wishlist  
And you'll be back into my arms again  
But if this Christmas, you are still with him  
I'll have to make another wish instead;  
I hope you both drop dead

I'm looking at our Christmas tree  
With presents that are underneath  
But I don't care about them

THIS IS WHAT I WANT THIS YEAR! [x2]

It's all right you can let it snow.  
But this year I can do without the 'HO HO HO'

Maybe this Christmas, I'll get my wishlist  
And you'll be back into my arms again  
But if this Christmas, you are still with him  
I'll have to make another wish instead;  
I hope you both drop dead

Maybe this Christmas [x4]

Maybe this Christmas, I'll get my wishlist  
And you'll be back into my arms again  
But if this Christmas, you are still with him  
I'll have to make another wish instead;  
I hope you both drop dead

(I hope you both drop dead)  
I hope you both drop dead [x4]
