

For Amusement Only, 22

I was only twentytwo when I met you
but something stayed with me that day
those games you played turned me away
and now theres nothing I can say

We've missed the chance to make
things right back to how they were
before cause you slipped back to your
old life you did so many times before

Do you remember all the things we
used to say? You'd be with me
forever was a promise that we made

But I was only twentytwo when I met you
but something stayed with me that day
those games you played turned me away
and now theres nothing I can say

Now that you've gone my life has
changed in almost every single way
that doesn't mean I don't miss you
I think about you every day

Do you remember all the things we
used to say? You'd be with me
forever was a promise that we made

But I was only twentytwo when I met you
but something stayed with me that day
those games you played turned me away
and now theres nothing I can say

Friday night is alright if you say that its okay...
Friday night is alright if you say that its okay, that it's okay...

But I was only twentytwo when I met you
but something stayed with me that day
those games you played turned me away
and now theres nothing I can say

And now theres nothing I can say
