

# For Amusement Only, Summer Nights

Its not getting easier like they said  
I can't get her face from out of my head  
I'm spending hours by the phone  
finding how it feels to be alone

my head is spinning around  
my feet can't touch the ground

Cause I'm missing sugar sweet kissing  
and summer nights so long  
and I'm guessing, you're not forgetting  
summer nights so long are over now

Its getting harder to forget  
words once said and now we regret  
I'm spending hours by the phone  
finding how it feels to be alone

my head is spinning around  
my feet can't touch the ground

Cause I'm missing sugar sweet kissing  
and summer nights so long  
and I'm guessing, you're not forgetting  
summer nights so long are over now, there over now

I can't go and let go and leave it all  
behind me no I won't go and let go and  
leave it all behind

Cause I'm missing sugar sweet kissing  
and summer nights so long  
and I'm guessing, you're not forgetting  
summer nights so long are over now, there over now
