

# For My Pain..., Bed Of Dead Leaves

[Music: O-P Trr, Lyrics: Juha Kylmnen]

Is this love, hate or pain?  
For me it's all the same  
These are the last words I say  
Because I really don't care  
If you will come with me in there  
Where the sun never shines  
Oh, would you share this world with me?  
Oh, nothing compares to this beautiful dream  
Make love with me  
On the bed of dead leaves  
Through the anguish and filth  
Together we wander  
In the sea of your tears so come with me  
And the torment will be complete  
If you will come with me in there  
Where the sun never shines
