For My Pain..., Bed Of Dead Leaves

[Music: O-P Trr, Lyrics: Juha Kylmnen]

Is this love, hate or pain? For me it's all the same These are the last words I say Because I really don't care If you will come with me in there Where the sun never shines Oh, would you share this world with me? Oh, nothing compares to this beautiful dream Make love with me On the bed of dead leaves Through the anguish and filth Together we wander In the sea of your tears so come with me And the torment will be complete If you will come with me in there Where the sun never shines
