

# For My Pain..., Dear Carniwhore

(Music: O-P Trr, Lyrics: Juha Kylmnen, A. Vetelinen)

You threw your web right down on me  
You suck my blood just to live  
You're the black princess in the garden of grief  
Eating me piece by piece  
To be with you is like mouth full of spiders  
Like needles under my skin  
To sleep with you is like a bed filled by snakes  
Something I can't resist  
Oh, licking your bloody lips,  
Smiling and sucking your fingertips  
Oh, lash me with your whip  
I'm your slave...My dear carniwhore  
You're the cocaine on my filthy mirror  
Oh my god how I need you  
Living in fear to be left alone  
My lips turn to blue  
I'm like a sheep among the hungry wolves  
This is my sorrow blues  
You're the poison in my veins  
I'm just a fool in your game  
In the prison of my own frontiers  
Loneliness is my worst fear  
Blinded by your heavenly smile  
And my soul is the price  
Oh, licking your bloody lips,  
Smiling and sucking your fingertips  
Oh, lash me with your whip  
I'm your slave, for you I bleed
