

For Squirrels, The Immortal Dog And Pony Show

I'm leaving before you
given the queue, and I am
Leaving before you
Under all this pain is beauty
I'm leaving before you
Everybody, everbody wants to be in my band
My band, i'

The dog and the pony
I am finding out about you
The dog and the pony
Has it come and gone so quickly
The dog and the pony
Come on, come on
And tell me I am grand, I am'

Gone, you're gone, you're gone
You're gone, you're gone, you're gone
You're gone, you're gone, you're gone
You're gone

Cut for the last time
You have paid me for my patience
Cut for the last time
The scar tissue has grown over
I'm cut for the last time
Come on, come on
And tell me I am grand, I am'

Gone, you're gone, you're gone
You're gone, you're gone, you're gone
You're gone, you're gone, you're gone
You're gone

You're gone, you can't stop the plebe from fleein'
Gone, you can't pick the kid who's dreamin'
Gone, you can't kill the pain I'm feelin'
Gone

You're gone, you're gone
You're gone, you're gone, you're gone
You're gone
