

# For Stars, There Was A River

I used to dream about the theater  
After the show we'd all get stoned  
I used to talk about the pictures that I thought would  
change the world

But I was wrong  
And you were always right  
I didn't want to see  
That I was wrong  
And you were always right  
I didn't want to see

I used to live inside a daydream  
I thought I knew the way to go  
I used to think that I said words that had a chance to  
change the world

But I was wrong  
And you were always right  
I didn't want to see  
That I was wrong  
And you were always right  
I didn't want to see

(If there was a river to South California, I'd be the  
first to go)
