

# Foretaste, Play The Game

You can't be a part of me  
When you're lying next to me  
I'm gonna make it for real

You can't be a part of me  
When you're dealing next to me  
I'm gonna quit for a while

You're by my side  
And play the game  
Behind the fence  
You try to hide  
Your secret life  
A secret world  
You're not to blame...

You can't be a part of me  
While you're crying next to me  
I'm gonna leave you today

You're by my side  
And play the game  
Behind the fence  
You try to hide  
Your secret life  
A secret world  
You're not to blame...

You could be a part of me...  
I'm gonna make it today
