

Foretaste, Play The Game

You can't be a part of me
When you're lying next to me
I'm gonna make it for real

You can't be a part of me
When you're dealing next to me
I'm gonna quit for a while

You're by my side
And play the game
Behind the fence
You try to hide
Your secret life
A secret world
You're not to blame...

You can't be a part of me
While you're crying next to me
I'm gonna leave you today

You're by my side
And play the game
Behind the fence
You try to hide
Your secret life
A secret world
You're not to blame...

You could be a part of me...
I'm gonna make it today
