

# Forgive-Me-Not, A Voyage With Gods

Kiss my sunbeam  
Feel my heartbeat  
There's no life in me alone  
When I don't see you  
I can feel you  
I just want you to atone

Hit the starlight  
Meet the sunfight  
Drive in to your fantasy  
I'm just shining  
I'm just bleeding  
Do you hear me cry I'm alone

What did I do  
I give it all to you my love  
You can leave me now  
What did I do  
I gave it back I know I can't  
Live without you now

Kiss my sunbeam  
Feel my heartbeat  
There's no life in me alone  
When I don't see you  
I can feel you  
I just want you to atone

What did I do  
I give it all to you my love  
You can leave me now  
What did I do  
I gave it back I know I can't  
Live without you now
