

# Forgive-Me-Not, The Process

Always mine a sensual bliss  
Always yours what you feel is right  
Not a day with some joy to miss  
One man stand &quot; got a fight to fight  
I face my fear  
It has no name  
Here I stand come and bring me peace  
I disappear it's just the same  
Future's now soul prices slashed

Erase the concept of time  
And destroy all consequences of progress  
'Cause nothing truly is mine  
In the maze of resolution and process

Always yours a sensual bliss  
Always mine what you feel is right  
Not a day with some joy to miss  
One man stand &quot; got a fight to fight  
I face my fear  
It has no name  
Here I stand come and bring me peace  
I disappear it's just the same  
Future's now soul prices slashed

Erase the concept of time  
And destroy all consequences of progress  
'Cause nothing truly is mine  
In the maze of resolution and process..
