

# Forgotten Rebels, Rhona Barrett

Watchin' the Urge playin' rock and roll  
I met her hangin' out in the back row  
there's a party at Sharky's do you wanna go  
We were rockin' with Brucie on the radio

Then she flashed her big brown eyes  
I held her hand and to my surprise  
She's the slickest glamour doll on the punk rock scene  
She's got a neon dream, She's a fashion queen  
When she gives me just a kiss  
I start shaking till I bite my lip

[Chorus:]

Now everybody knows I'm in love with her  
Now Rhona Barrett tells I'm in love with her  
All of rock and roll knows I'm In love with her  
I fell In love with her at a rock and roll show
