

Foster The People, Ask yourself

You're coughing blood again
I know cause you clean up the mess every now and then
Oh the line along the scene
Force a smile and never say what you mean
In the promise land, someone else's dream
If you want more you'll get there
Throw a quarter in the well
Its okay you find ambitious [?]
You say the dreamer get what they desire
Well I find the more I want, the less I got

Is this the life you've been waiting for?
You're hoping that you'd be where you want with a little more
Well ask yourself

Well is this the life you've been waiting for

Well ask yourself

Is this the life you've been waiting for

Well ask yourself
