

# Four Letter Lie, Let Your Body Take Over

Breathe, This is what we live for.  
So take me by surprise, and never say a word.  
Oh, Oh you know.  
Your lips, your eyes, your skin.  
They paralyze me.  
Come on, Come on. Under and over.  
Through the back door.  
Make your way over.  
I've been meaning to ask you, a few things on my mind.  
You know it's never so hard  
When you're this close to the ground.  
This is the way a I feel. What do you say?  
Be Real. Your body's never felt so alive.  
This is the way i feel. What do you say be real?  
I just can't help myself.  
I just can't help myself.  
Let me in, Let your body take over.  
Let your body take over your soul.  
It's for the passion, for the love.  
You've never laughed, You've never loved  
You've never been loved.  
I've been meaning to ask you, a few things on my mind.  
You know it's never so hard  
When you're this close to the ground.  
This is the way you've make me feel.  
Don't end the night like this  
Don't end the night like this
