

Four Star Mary, Pain

Feeling I've been lost for years
You can never understand me
Unless you've seen those tears
But you never get to sleep
When I'm away
I don't mind
The deeper that you lay
Out of time

Pain, I can't sleep
pain, I can't sleep

Running, running from those days
There's another one inside me
Guess I've gone insane
But you always run away
When I come around
I don't mind
The day I'll track you down
Run you down

Pain, I can't sleep
Pain, I can't sleep

Don't stop, don't talk
Do not fuck with me (repeat twice)

Loaded, loaded up this gun
There's a killer in me
Hoping, hope that you're the one
But you always run away
When I come around
I don't mind
The day I'll track you down
Terrify

Pain, I can't sleep
Pain, I can't sleep
Pain, I can't sleep
