Four Star Mary, Pain

Feeling I've been lost for years You can never understand me Unless you've seen those tears But you never get to sleep When I'm away I don't mind The deeper that you lay Out of time

Pain, I can't sleep pain, I can't sleep

Running, running from those days There's another one inside me Guess I've gone insane But you always run away When I come around I don't mind The day I'll track you down Run you down

Pain, I can't sleep Pain, I can't sleep

Don't stop, don't talk Do not fuck with me (repeat twice)

Loaded, loaded up this gun
There's a killer in me
Hoping, hope that you're the one
But you always run away
When I come around
I don't mind
The day I'll track you down
Terrify

Pain, I can't sleep Pain, I can't sleep Pain, I can't sleep
