

Four Star Mary, Shadows

she's in ecstasy
her hollowed sky
pours down heavenly
and fakes desire
i've been living here
in the red
i've been feeling
i'm dead again

we've been bored before...

i have never felt so alone
since the time we left ourselves
half past gone
we've been living here
up against the red
i've been feeling
i'm dead again

we've been bored before...
we'll be bored again...
we've been bored before and again

she's in ecstasy
her hollowed sky
pours down heavenly
and fakes desire
i've been living here
up against red
i've been knowing
i'm dead again

we've been bored before...
we'll be bored again...
