

Fourplay, My Love's Leavin'

(Verse 1)

I can't believe she's going
I said please show me
What selfish seeds I plant along the way
Black harvest today
The empty bed she left me, cold on one side
I can't believe, only me
Shadows in purple thrill me
I cry myself awake at night
I can't believe that it's true
Here am I, where are you?

(Chorus)

Can I cope with today?
My love is leavin' me
Still I'm hoping she'll stay
My love is leavin' me

(Verse 2)

But I'll control my feelings
And I find faith healing
I'll find hope singing
The way is so long
But I'm going to be strong
Oh, what a turn around
Soon, someday gonna be bound

(Chorus)

Cope with today

My love is leavin'
Still I'm hoping she'll stay
But my love is leavin' me

(Verse 3)

I can't believe, only me
Shadows in purple thrill me
I cry myself awake each night
I can't believe that it's true
Here am I, where are you?

Breathing your perfume chills me
Dreams never lie
Is it true? I'm asking you

Oh my love is leavin' me
Still I'm hoping she'll stay
My love is leavin' me

Oh Oh my love is leavin' me
Still I'm hoping she'll stay
My love is leavin' me

My love
My love is leavin' me

No No
My love is leavin' me
