

# Foxes, Amazing

Do what you want /4x

When I look at you the drums all start beating  
And I just don't know if I'm ready or not, to do it all again

See, I've got a wild heart and  
I can't control it  
It keeps on letting me down

I know, with you, tonight could be amazing  
Be amazing  
I'm scared, to death, still I stood here waiting  
Here waiting

Do what you want  
Do what you want  
Take a hold of me  
Do what you want  
Cause my heart keeps saying  
Do what you want  
That you're all I need, all I need

With a touch you bring me back to life, I'm rising  
And I don't even know if I'll survive, but I'm all in

See, I've got a wild heart and  
I can't control it  
It keeps on letting me down

I know, with you, tonight could be amazing  
Be amazing  
I'm scared, to death, still I stood here waiting  
Here waiting

Do what you want  
Do what you want  
Take a hold of me  
Do what you want  
Cause my heart keeps saying  
Do what you want  
That you're all I need, all I need

Should be running away tonight  
Should be finding a place to hide  
But I'm starting to feel alive  
And I know, with you, tonight could be  
/2x

I know, with you, tonight could be amazing  
Be amazing  
I'm scared, to death, still I stood here waiting  
Here waiting

Do what you want  
Do what you want  
Oh, my heart keeps calling me  
Do what you want  
Oh, my heart keeps telling me  
Do what you want  
Oh, my heart keeps telling me  
Telling me  
Do what you want  
Oh, my heart keeps telling me  
Do what you want

Oh, my heart keeps telling me  
Do what you want  
Oh, my heart keeps telling me  
Telling me  
Telling me

All I need  
All I need  
All my heart keeps saying now
