

Foxes, Body Suit

Watching you watching me
We come undone
I'm falling through a dream
Nothing's what it seems
Take me home, make me home
I know you don't have control

It's like you're taking me dancing
Making me move
You get under my body suit
Yes, you do
It's like you're taking me dancing
Making me move
You get under my body suit
Yes, you do

Dazed, confused, static loop
We've come undone
Walking in the noise
Breathing in your voice
Take me down like you do
I know we don't have control

It's like you're taking me dancing
Making me move
You get under my body suit
Yes, you do
It's like you're taking me dancing
Making me move
You get under my body suit
Yes, you do (yes, you do)

Twisting, turning
Through my head
Laying down lonely, left unsaid
Just a you and I moment
Just a you and I moment

It's like you're taking me dancing
Making me move
You get under my body suit
Yes, you do
It's like you're taking me dancing
Making me move
You get under my body suit
Yes, you do
Yes, you do
Yes, you do

Taking me dancing
Making me move
You get under my body suit
Yes, you do
It's like you're taking me dancing
Making me move
You get under my body suit
Yes, you do
Yes, you do
Yes, you do

Twisting, turning
Through my head
Laying down lonely, left unsaid
Just a you and I moment

Just a you and I moment
Twisting, turning
Through my head
Laying down lonely, left unsaid
Just a you and I moment
