

Foxy Brown, Dog A Fox

[dmx]

Uhhhh, uhhhhhh

Let's do it, we're startin'

Uh, come on boogie boogie, uh, uh

Lets do it, let's do it, dmx, come on

I been playin' bitches all my life, from that hoe to my wife
You think I give a f**k, like you don't know I'm livin' trife
Strife and struggle, bitches with pussy on the juggle
Little shorty named tomika from 25th who can smuggle
Cheese to that columbian connection
From that cross-the-water section
Baby nine-seventeen, try for protection
Injection of that shit I'm kickin'
Got you stickin' niggas you got love for
Bring 'em up, touch 'em with the buzz saw

Bitches slingin' rocks, swingin' glocks, bringin' knocks
Holdin' down the fort even when it's steamin' hot
Money's being got but honeys actin' shady
So I hit it with 5 between the 380's
Can't fox a 300 mercedes
Time like this bring out the savage and shit
Bitches ain't keepin' it real, so I'm damagin' shit
I'm on that scavenger shit, and I'm hungry
Fox with the dog, it's about to get ugly, for real
Aiyyo
