

# Foxy Brown, Whatcha Gonna Do

[Intro: Young Gavin]  
Fox Five, let's go

[Verse One: Foxy Brown]

See it ain't no party like a Fox Brown party  
Cuz a Fox Brown party don't stop  
But them bottles a pop, when Fox Five come through in the drop  
With chinchilla on my back, it's the King {bitch} of rap  
Catch us ?, up in bungalow eight  
Rollin' through in the cranberry SK8 and  
Call the crew, tell 'em come to the crib  
I did my time, it's all water under the bridge  
I got knocked and it felt like a part of my life  
But I'm, back home I'mma party tonight  
Through the pool party since no-one else is home  
All my friends happy for me tell me 'Welcome home' and  
Yeah I know I got busted for a crime  
Now I'm tryna have fun and make up for lost times  
The world is mine, I'm so refocused  
But I'm back this time and I'm back to grind, so

[Chorus: Red Handed] (Young Gav)

What you gonna do when you get out of jail?  
I'm gon' have some fun (let's have fun then)  
What do you consider fun?  
Fun, natural fun (I like that)  
We drinkin' on the liquor til there ain't no more  
Tell me if you drinkin' with me (what you drinkin'?)  
We drinkin' on the liquor til there ain't no more  
Tell me if you drinkin' with me (I like that, c'mon)

[Verse Two: Foxy]

And, this is how it's 'sposed to be  
No police, all night, hopefully, cuz  
  
we got Armadale vodka too, I got  
one of my homies on the ones and twos and  
The food is banging, the hate is gone  
The speakers blasting the latest songs  
And all that time they had me alone  
Now I'm, with my family, I'm happy I'm home and  
We two-stepping cuz it's back in style  
My friends laughin' and acting wild  
See this type of thing, happen all the time  
But you gotta get yours, just like I'm gon' get mine  
Everything is fine, with my friends I pack a whole place in  
For one day I forget the probation  
I won't stop til the party is done and see I'm gon' have some  
fun!

[Chorus]

[Red Handed]

Ain't no party like a Fox Five party, cuz a Fox Five party don't  
stop  
Ain't no party like a Fox Five party, cuz a Fox Five party don't  
stop

[Verse Three: Foxy]

Yeah I made the crime, but I paid the time  
And from this day on, I'mma take my shine  
You see I made the crime, but I paid the time  
And from this day on, I'mma take my shine, so, yeah  
I can't forgive 'em, I'm living my life different

I'm seeing just what I'm missing, I ain't tryna go to prison  
again  
They got me on constant watch, but  
anything is better than to be on lock

[Chorus] - repeat 2X

[Foxy]

Yeah, uh huh, woo  
Fox Brown, Fox Brown  
Fox Brown, Fox Brown
