

# Foxy Shazam, Red Cape Diver

Step up into the ring  
You might have just met your match  
You can't control that thing  
I would not take that chance

(Hey) I am the red cape diver  
(You can talk that talk, can you walk that walk?)  
I am the red cape diver

Ah, it fires torpedoes  
Kiss your lolitas  
Make sure she knows you might  
Die, hug your bambinos  
Have your last meal  
Make sure they know you're scared  
Ah, I'm so scared  
I don't want to die  
I don't want to die  
Ah, it fires torpedoes  
Kiss your lolitas  
Make sure they know

Tell my mama that I love her  
Tell my papa the same thing  
And when I step up into the ring  
Pray for me, I'm gonna need it

(Hey) I am the red cape diver  
(You can talk that talk, can you walk that walk?)  
I am the red cape diver

Ah, it fires torpedoes  
Kiss your lolitas  
Make sure she knows you might  
Die, hug your bambinos  
Have your last meal  
Make sure they know you're scared  
Ah, I don't want to die  
Please don't let me die  
Please don't, please don't let me die  
Ah, it fires torpedoes  
Kiss your lolitas  
Make sure she knows you might (die)

Both of our eyes lock eye to eye  
Battle to the death, which one will die?  
I'm so scared, I don't want my mom to die  
Or my dad or my dog or my best friend  
What if my boo boo died, what would I do without them?  
What would they do without me, what would I do without

Ah, it fires torpedoes, I'm hit, I'm down

Ah, it fires torpedoes  
Kiss your lolitas  
Make sure she knows you might  
Die, die, die
