

# Frameshift, Blade

For heritage love and pride  
And for this land I'll give my life  
Guard against the raping flag  
Here's a blade now you're a man  
From horse to flaming arrow  
You may take a mortal blow  
They will underestimate  
Damage one man fighting for his home can make

I have no choice but to defend

I draw a line in this dirt with my metal blade  
Not gonna cross if you don't believe that  
In the end they may take all I love away  
But not today

Walls of rock on an empty plain  
Give way to greed when it invades  
But there's a creed that builds a bridge  
Of strength and honor in this village  
Stench of death seeps from the ground  
I see their eyes fade and turn to stone  
Their faces haunt and follow me back home

It is time to take a stand  
I have no choice but to defend

I draw the line in the sand  
And I'm asking you  
Brother of mine  
Won't you follow through so  
In the end they may  
Take all I love away  
But not today

With this blade in my hand  
I'm ready to conquer  
Ready to fight for it all  
And if I should die  
I will go with honor  
Take one more life before I fall  
With this blade in my hand  
I'm ready to take back  
Take back what's rightfully mine  
And if I should die  
My brothers will come through  
Victory's here for my kind
