

# Frank Bakken, Hard To Say Goodbye

Hard to Say Goodbye!

When I look into your eyes  
I can see a star shines bright  
In everything you say to me  
I can feel the heat of your love

When I think about those years  
That we spent together now  
It hurts so bad to see you go away

Its hard to say goodbye  
Hard to say goodbye to you tonight  
Its hard to say goodbye  
Hard to say goodbye to you tonight

Everytime that I think of you  
Good emotions rushing thru my veins

Looking back on things we shared  
I know it was for real  
The greatest love of all was mine

Its hard to say goodbye  
Hard to say goodbye to you tonight  
Its hard to say goodbye  
Hard to say goodbye to you tonight

Love can make us feel so good when were together  
On my own I feel so lost and blue without you

Its hard to say goodbye  
Hard to say goodbye to you tonight  
Its hard to say goodbye  
Hard to say goodbye to you tonight
