

# Frank Barile, This Slowdance

The blue light on the TV glows upon your face  
Your body's warm and your eyes are closed wrapped in this embrace  
And I'd do anything I could to keep you here with me  
To feel our fingers interlocked, to feel you loving me

This night is so quiet that I don't think I could imagine leaving this  
But imagination can often be painful when I just want to feel your kiss forever  
Forever

I just go crazy when I'm without you  
All of my instincts tell me that I need you

If I could have this slowdance, I'd never let you go  
Our bodies move like poetry I've never read before  
But when this dance is over, I'll still be holding on  
Waiting here, holding you so near

'Til we hear the next song

These couples around us, the ones that surround us,  
Could they possibly feel as euphoric as I do when I am with you  
And can you make it feel this real forever?  
Forever

I just go crazy when I'm without you  
All of my instincts tell me that I need you  
I need you

I wanna dance  
I wanna dance  
I wanna dance with you forever  
Forever
