

Frank Black And The Catholics, Hermaphroditos

Hermaphroditos is my name
watcha playing?
Hermaphroditos is my name
worship me
Hermaphroditos is my name
why are you saying
Hermaphroditos is my name?
how do you love me
deeply with your scalpel?
i got a mouthful
of suicidal drugs
i am a dog
i am a sculpture
you hate my features
you name me for a god
forget you yin
and go fuck you yang
it seems that you rang
and it seems i'm only answering
remember when
i was almost ready?
but it was then
that i was gone already
and i'm still around
but who wants to listen
to my voice in your prison?
