

# Frank Black And The Catholics, I Will Run After You

If you went away  
Called it all a day  
Say that it was through

'Cause a new man  
Or an old friend  
Or a guru

'Cause you got a bit tired of me now  
That I could believe  
Yeah, but if you do

If you leave  
If you leave  
If you leave  
If you leave

Wouldn't even cry  
Wouldn't even try  
Wouldn't even stew

Wouldn't look for another love, no  
Listen, if you leave  
Tell you what I do

If you leave  
If you leave  
If you leave  
If you leave  
If you leave  
If you leave  
If you leave

I will run after you  
I will run after you  
I will run after you  
I will run after you  
I will run after you  
I will run after you  
I will run after you  
I will run after you  
I will run after you  
I will run after you  
I will run after you  
I will run after you
