

Frank Black And The Catholics, Jet Black River

Jet black river take me on
What's in-between is waiting on me
Revealing caffeine ghosts

And giving up its gasoline
I think I see the stacks of my home blow
Sweet memories of dirty monochrome
But once again tonight we sing

Jet black river's calling me
Jet black river's calling me
Jet black river's calling me
Jet black river's calling me

Now ooh (jet black river's calling me)
Now ooh (jet black river's calling me)
Now ooh (jet black river's calling me)
Now ooh (jet black river's calling me)
