

# Frank Black And The Catholics, Men In Black

You believe it (you better)  
I got their number  
Classic camcorder  
I saw everything  
Dinner plate specials  
The shapes of cucumber  
Im going to the papers  
I am going to sing  
In the cool, cool night  
And in the middle of the day  
Im watching my back  
Im waiting my visitation  
From the men in black  
Are they grey or is it my own nation?  
Its been a good year  
Its been a good summer  
I wait for the door or that phone to ring  
Our little race  
I dont want to fall  
So just in case  
I made you a copy  
And I put it in the mail  
You believe it  
I got their number  
Classic camcorder  
I saw everything
