

# Frank Black And The Catholics, Tiny Heart

You are a fine exception  
And now I do not know what to do  
There is no use in-uh capturing me  
Though I know that you easily could  
I do not mind if you laugh at me  
Just don't misunderstand where you stood  
I don't believe in the art so i'm-uh just telling you  
There's not a part inside of me you could call a heart  
There isn't any part of me with a little heart  
(little heart)  
I have got such a tiny heart  
(little heart)  
You could say that I don't have one  
(little heart)  
It's true  
I think that everything is a fad I know that is a negative view  
I think all love is-us gonna turn bad and now I do not know what to do  
Because the moment you start it that is when you are through  
(little heart)  
You are a fine exception  
(little heart)  
And I have got such a tiny heart  
(little heart)  
It's true
