

# Frank Black, Fast Man

Someone said I should leave  
Shook my head, no no no no no no  
Tangled web that we weave  
So I said, "I will go."

I'm a fast man  
I'm a fast man, oh

I go a thousand miles 'fore I get me to sleep  
You think I'm exaggerating, baby?  
That ain't nothing to me  
See me, I'm gunning it just as fast as I can

I'm a fast man  
I'm a fast man, oh

Though I am such a fool  
If I can I'll be driving to the end  
Here I am in Ullapool  
I haven't a plan just to turn me 'round again

I'm a fast man  
I'm a fast man, oh

I go a thousand miles before I get me to sleep  
You think I'm exaggerating baby?  
That ain't nothing to me  
See me, I'm gunning it just as fast as I can

I'm a fast man  
I'm a fast man, oh

Here I am  
Here I am  
I'm just lost again, everyday  
Here I am outside Cheyenne

Trying to get back to sleep  
Under the stars, scenic view after dark  
Full of fret as I weep  
Listening to cars as they pull in for a park

In Cheyenne  
In Cheyenne, oh

I go a thousand miles 'fore I get me to sleep  
You think I'm exaggerating, baby?  
That ain't nothing to me  
See me, I'm gunning it just as fast as I can

I'm a fast man  
I'm a fast man, oh

Here I am  
Here I am  
I'm just lost again, everyday  
Here I am outside Cheyenne
