

# Frank Black, I Could Stay Here Forever

See the scheming behemoth  
Lickin' salts in their cave  
Being together's their zenith  
It's how they behave

Now we're hangin' in tandem  
Six trillion miles a year  
How can direction be random  
When you're so near?

I could stay here forever  
I could stay here forever  
Never bored with this  
All aboard, and  
I could stay here forever

We've got some bills to pay  
And when we pay them off  
Maybe we'll get away, but  
If not, so what?

I could stay here forever  
I could stay here forever

"(Behold the scheming behemoth  
It's how they behave)"

I could stay here forever  
I could stay here forever  
Never bored with this  
All aboard, and  
I could stay here forever

I could stay here forever  
Never bored with this  
All aboard, and  
I could stay here forever
